PROFICIENCY

I have been developing my skills in the IT through both the local government and associative frameworks. My expertise covers network and system administration, IT infrastructure management, technical counseling and maintenance as well as web mastering and setting up collaborative working environment and web-based training platforms for e-learning. I am also able to deliver efficient desktop publishing (DTP) for poster, flyers and mailing. On my free time I managed to organize trainings for the elderly to learn IT.

Network & System Administration

Infrastructure Management

Web Mastering

DTP

VMWare, Citrix, AD, MS Server 2000/2003/2008, MS Exchange

LAN, WAN, VoIP

HTML5, CSS3, Responsive designs

Photofiltre, MS Office suite 2003/2008/2010/2013
